Sat dish mounting helper

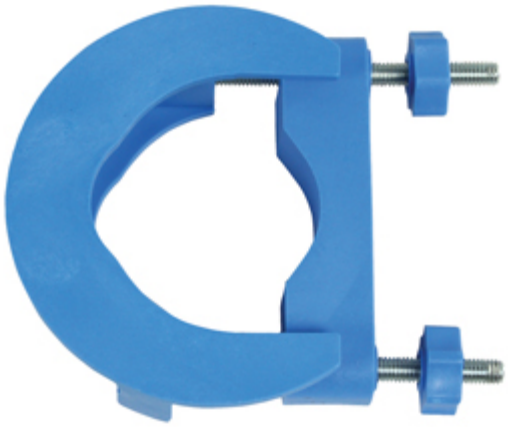
General information

This help aid avoids the down movement of a satellite dish on the aerial mast or wall bracket by adjustment and makes it so easy. Position and fix the SAT-FIX on the level you want to mount the satellite dish then mount the satellite dish clamp on top of the SAT-FIX. Now adjust the azimuth to the satellite and fix the dish mounting clamp then adjust the elevation. After the adjustment dismount the SAT-FIX.

The SAT-FIX can be used for antenna masts from 40mm till 60mm.

Specifications

Diameter:	40 - 60 mm
Type:	Clamp



Sales information

Order code:	**SAT-FIX**
Product description:	Sat dish mounting helper
